## Don't Think Twice, It's All Right

- Verse 2**    It ain't no use in turnin' on your light, babe  
              That light I never knowed  
              An' it ain't no use in turnin' on your light, babe  
              I'm on the dark side of the road  
              Still I wish there was somethin' you would do or say  
              To try and make me change my mind and stay  
              We never did too much talking anyway  
              So don't think twice, it's all right
- Verse 3**    So it ain't no use in callin' out my name, gal  
              Like you never did before  
              And it ain't no use in callin' out my name, gal  
              I can't hear you anymore  
              I'm a-thinkin' and a-wond'rin' all the way down the road  
              I once loved a woman, a child I'm told  
              I give her my heart but she wanted my soul  
              But don't think twice, it's all right
- Verse 4**    I'm walkin' down that long, lonesome road, babe  
              Where I'm bound, I can't tell  
              But goodbye's too good a word, gal  
              So I'll just say, "Fare thee well"  
              I ain't sayin' you treated me unkind  
              You could have done better but I don't mind  
              You just kinda wasted my precious time  
              But don't think twice, it's all right
